4. MANAGEMENT'S DISCUSSION AND ANALYSIS: F.Y. 2024-2025

I. Industry Structure & Development: -

The chemical industry serves as a fundamental pillar of the global economy and acts as a key enabler for various sectors. From electronics and paints to pharmaceuticals and cosmetics, chemicals are integral across diverse applications, making them essential for the sustainable development of multiple industries.

In the Indian context, the chemical industry holds a prominent position in the nation's economic growth. Among its various sub-segments, specialty chemicals represent a high-growth, innovation-driven category characterized by low-volume, high-value chemical formulations that are tailored for specific end uses.

Specialty chemicals are distinguished by their performance or functional attributes rather than just their chemical composition. These products demand deep technical knowledge, consistent innovation, and a customer-centric development approach. The specialty chemical segment continues to gain strategic importance, both domestically and globally, due to its application-driven nature and strong end-user focus.

The Company operates in the specialty chemicals segment, catering to niche requirements across a broad spectrum of industries. We specialize in the manufacture and sale of a diverse range of customized and specially formulated chemical products, addressing the evolving needs of sectors such as Home and Personal Care, Industrial Formulations, Paints and Coatings, Agrochemicals & Lubricants and Additives.

We serve a wide base of reputed customers across India and in international markets, including the Americas, Europe, and the Far East. Our clients operate in a multitude of industries, including but not limited to Metal Treatment, Wire Enamels and Insulation, PVC Stabilizers, Inks and Coatings, Agrochemicals and Fertilizers, Plastics, Polymers, and Rubber, Textile Processing, Latex Products and Tyres, Home and Personal Care, Cosmetic and Detergent Formulations.

Our continued focus on product innovation, customization, and deep industry understanding enables us to consistently meet the dynamic requirements of our clients. As industries evolve and demand more efficient, sustainable, and specialized solutions, the Company remains committed to delivering high-performance chemical products that create value across the supply chain.

Details of the Company's main products and its end use applications are as below:

Products	End use Applications
THEIC	Available in both powder as well as in noodles form. Its end-use includes applications as heat stabilizers and PVC stabilizer.

Ethoxylates & Propoxylates	Used as dispersing agents in paper & pulp industry, emulsifiers in dye manufacture, means for dissolution and floatation, constituents of agro insecticides and herbicides, and in many other industrial applications. These products have applications as low-foaming nonionic surfactants and have excellent wetting and dispersing properties.
Antioxidants	The aminic antioxidants market has been segmented on the basis of application into plastic processing, rubber processing, fuel & lubricants and adhesives.
HQEE	HQEE is a specialty elastomer and crosslinking agent used as a chain extender for polyurethanes (PU). It is well suited for finishing and improving properties of materials.
BC 700	Used as a matting and effects agent for the paint and varnish industry.

II. Operating and Financial Performance of the Company

(₹ In Lakhs)

	F.Y. 2024-2025	F.Y. 2023-2024	Change over Previous year
i) Exports	6130	6503	(5.73%)
ii) Domestic	30370	21700	39.95%
iii) Other Operating Income	79	135	(41.48%)
Revenue from Operation	36579	28338	29.08%
Other Income	315	148	112.84%
Total Income	36894	28486	29.52%

In the financial year 2024–2025, the company earned a total income of ₹ 36,894 lakhs, which is a 29.52% increase compared to ₹ 28,486 lakhs in 2023–2024. Revenue from operations rose to ₹ 36,579 lakhs from ₹ 28,338 lakhs, mainly because of strong growth in domestic sales. Domestic sales went up by 39.95%, reaching ₹ 30,370 lakhs compared to ₹ 21,700 lakhs last year. However, export sales dropped by 5.73%, from ₹ 6,503 lakhs to ₹ 6,130 lakhs, showing a dip in international demand. Other operating income also fell by 41.48%, down to ₹ 79 lakhs from ₹ 135 lakhs. On the other hand, other income more than doubled, rising by 112.84% to ₹ 315 lakhs from ₹ 148 lakhs. Overall, the company had a strong year, mainly driven by growth in the domestic market.

The company saw strong growth in Ethoxylates and Antioxidant-based products due to higher demand and better pricing.

III. Outlook

The global specialty chemicals industry continues to experience uncertainty due to geopolitical tensions, trade wars, and evolving tariff structures. These factors have disrupted supply chains and increased the cost of key raw materials. However, they have also created new opportunities especially for Indian manufacturers.

As many global companies look for alternatives to other suppliers, India is emerging as top choice for sourcing and manufacturing specialty chemicals, as it opens up new chances to sell our products internationally and strengthen our position in the global market.

In India, the demand for specialty chemicals is strong. The Company is well-positioned to meet this demand with a focus on innovation, customer partnerships, and operational excellence.

To make the most of these opportunities, the Company is increasing the local sourcing of materials, expanding our production capacity, and investing in research and development to create specialized products. Additionally, we are making efforts to improve our supply chain flexibility, reducing dependence on volatile international markets. Supportive government policies, infrastructure development, and a growing focus on 'Make in India' are further strengthening the outlook for our sector. While we remain cautious of ongoing global challenges, we are confident in our ability to navigate this environment and deliver sustainable growth.

The Company remains committed to creating long-term value for stakeholders through strategic investments, efficient operations, and responsible growth.

Our products continue to be well received by some of the world's leading users of specialty chemicals across a variety of industrial applications. The Company has been

recognized as a reputable and dependable supplier to many Indian and global consumers of specialty products developed in-house.

IV. Risks and Concerns

The specialty chemicals industry is facing significant risks due to ongoing tariff wars and global conflicts, such as the Russia-Ukraine war and tensions in the Middle East. These situations have led to rising prices for raw materials and supply chain disruptions. The ongoing trade disputes between major economies, have made it harder to predict costs and access key materials. As a result, the cost of producing chemicals has increased, and the overall market has become more uncertain.

The Company is fully aware of these challenges and has put in place a Risk Management Framework to identify, assess, and reduce the impact of these risks. The management regularly reviews and discusses both current and potential future risks, especially related to tariffs, trade policies, and supply chain instability. Effective risk management is crucial for the success of the Company, and we take continuous corrective actions to address any issues.

A key risk we face is the availability of critical raw materials, such as Ethylene Oxide (EO), which is essential for producing several of our products. Currently, EO is only supplied by a single manufacturer in the country, so any disruption to its supply could have a major impact on production.

The Company is also committed to ensuring the health and safety of its employees, customers, and the surrounding community. Some of our raw materials are hazardous, and there are inherent safety risks in the manufacturing process. To address these risks, we have implemented strict safety measures, equipment, and procedures that meet global safety standards and legal requirements.

V. Internal Financials Controls and their adequacy

The Company has put in place internal checks and controls to ensure smooth and efficient operations, and these are continuously being improved. These controls are designed to

ensure that the business runs in an orderly manner, follows company policies, protects its assets, prevents and detects fraud and errors, maintains accurate accounting records, and provides reliable financial information on time. The internal and statutory auditors have reviewed the effectiveness of the internal financial controls. Based on their assessments, the Board believes that the internal financial controls are working well and that there are no significant weaknesses.

VI. Key Financial Ratios

INDEPENDENT AUDITOR'S REPORT

To The Members of Sunshield Chemicals Limited Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Financial Statements of **Sunshield Chemicals Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended and notes to the Financial Statements including a summary of material accounting policies and other explanatory information (hereinafter referred to as 'Financial Statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS"), and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, the net profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1.	There are several litigations pending before various forums against the Company. These also include matters under various statutes and involve significant management judgement and estimates on the possible outcome of the litigations and consequent provisioning thereof or disclosure as contingent liabilities. We identified this as a key matter as the estimate of these amounts involves a significant degree of management judgement and high estimation uncertainty.	To address this key audit matter, our procedure included: - Obtaining from the management details of matters under disputes including ongoing and completed tax assessments, demands and other litigations. - Evaluation and testing of the design of internal controls followed by the company relating to litigations and open tax positions for direct and indirect taxes and process followed to decide provisioning or disclosure as contingent liabilities. - Discussing with the company's personnel for sufficient understanding of on-going and potential legal matters impacting the Company.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management and Board of Directors is responsible for the Other Information. The Other Information comprises the information included in the Management Discussion and Analysis, Board's Report including annexures to the Board's Report, Corporate Governance and Shareholders Information but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the Other Information identified above when it becomes available and, in doing so, consider whether the Other Information is materially inconsistent with the Financial Statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in the regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements.

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management and Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of Management's and Board of Director's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors (i) in planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Financial Statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books. Also refer our comments in paragraph 2(h)(vi).
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.

- d) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2025, taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure B**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Financial Statements. – refer Note no. 32 to the Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There are no amounts which were required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in Note no. 42(1) to the Financial Statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in Note no. 42(1) to Financial Statements, no funds have been received by the Company from any persons or entities, including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
 - (c) Based on such audit procedures that we have considered reasonable and appropriate in the circumstances; nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11 (e) contain any material misstatement.
 - v. The final dividend declared and paid by the Company during the year for the previous year is in accordance with Section 123 of the Act to the extent it applies to payment of dividend.

As stated in Note no.16(i) to the Financial Statements, the Board of Directors of the Company have proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

- vi. Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, we report that for the year ended March 31, 2025, for maintaining its books of account, the Company has used accounting software which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except that no audit trail was enabled at the database level for accounting software SAP to log any direct data changes.

Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with, in respect of accounting software for which the audit trail feature was operating.

The Company has complied with the statutory requirements of preservation of the audit trail for transactions recorded in the software except for audit trail at the database level for accounting software SAP to log in any direct changes which was not enabled till 31st March 2025.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

(i) Property Plant and Equipment:

- a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- b) The Company has a program of physical verification of Property, Plant, and Equipment, and other assets so as to cover all the items once in every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, during the year, certain items of Property, Plant & Equipment have been physically verified by the Management. Discrepancies noticed, which were not material, have been appropriately dealt with in the books of account.
- c) As disclosed in note no. 42(9) of the Financial Statements and based on our examination of the registered sale deeds provided to us, we report that the title deeds of all the immovable properties, comprising of land and buildings, which are freehold, are held in the name of the Company as at the balance sheet date.
- d) As disclosed in note no. 42(8) of the Financial Statements, the Company has not revalued any of its property, plant, and equipment, intangible assets or both during the year.
- e) As disclosed in note no. 42(5) of the Financial Statements, the Company does not have any proceedings initiated or pending against it for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 and rules made thereunder.

(ii) Inventory:

- a) The inventory (except goods in transit) has been physically verified by the Management during and / or at the end of the year. In our opinion, the frequency of verification is reasonable. Considering the size of the Company and the nature of its operations, the

coverage and procedures are adequate. The discrepancies noticed on such verification, which in our opinion were not material, have been appropriately dealt with in the books of account.

- b) The Company has been sanctioned working capital limits exceeding ₹ 5 crores from banks on the basis of security of current assets. The quarterly returns / statements filed by the Company are broadly in agreement with the books of account and no material unreconciled discrepancies have been observed. Refer Note 17 of the Financial Statements.

(iii) Loans, Investments etc:

- a) As disclosed in note no. 42(7) of the Financial Statements, the Company has not granted any loans, made any investments, provided any guarantee or security to any other company, firm, limited liability partnership or any other entity during the year. Therefore, reporting under clauses (iii) (b) to (iii)(f) is not applicable.

(iv) Section 185 and 186:

The Company has not granted any loans, made investments or provided guarantees or securities and hence reporting under clause (iv) of the Order is not applicable to the Company for the year under audit.

(v) Public Deposits:

The Company has not accepted any deposits or amounts which are deemed to be deposits within the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules framed there under. Therefore, reporting under clause 3(v) of the Order is not applicable to the Company for the year under audit.

(vi) Cost Records:

We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended and prescribed by the Central Government under sub-section (1) of Section 148 of the Act, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of these accounts and records with a view to determining whether they are accurate or complete.

(vii) Statutory Dues:

In respect of statutory dues:

- a) In our opinion, the Company has been regular in depositing undisputed statutory dues, including Goods and Service tax, Provident Fund, Income Tax, Sales tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with

the appropriate authorities. There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Income Tax, Sales tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and other material statutory dues to the extent applicable to the Company, in arrears as at March 31, 2025 for a period of more than six months from the date they became payable;

- b) The particulars of statutory dues that have not been deposited on account of any dispute are as under:

Name of Statute	Nature of Dues	Amount (₹ In Lakhs) ^	Period to which the Amount Relates	Forum where Dispute is Pending
Central Sales Tax Act, 1956	Sales Tax including interest	248.55	2006-2007 to 2007-2008 and 2014-15, 2016-17	Maharashtra Sales Tax Tribunal
Customs Act, 1962	Customs Duty including Interest	1,208.82	2022-23	Commissioner of Customs (NS-IV)
Income Tax Act, 1961	TDS	16.60	2018-19 & 2019-20	Commissioner of Income-tax (Appeals)
Total		1,473.97		

^ Net of ₹ 164.46 Lakhs paid under protest

(viii) Undisclosed Income:

As disclosed in note no. 42(4) of the Financial Statements, there are no transactions which are not recorded in the books of account which have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961.

(ix) Borrowings:

- (a) The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- (b) As disclosed in note no. 42(10) of the Financial Statements, the Company is not declared a wilful defaulter by any bank or financial institution or other lender.
- (c) The term loans raised during the year were applied for the purpose for which the loans were obtained.
- (d) The Company has not utilized funds raised on short-term basis for long-term purposes.
- (e) The Company does not have any subsidiary, associate or joint venture. Therefore, reporting under clauses 3(ix)(e) and 3(ix)(f) of the Order is not applicable to the Company for the year under audit.

(x) Issue of Securities:

- (a) The Company has not raised money by way of initial public offer or further public offer including debt instruments during the year. Hence, reporting under clause 3(x)(a) of the Order is not applicable to the Company for the year under audit.
- (b) The Company has not made any preferential allotment or private placement of shares or fully, partly or optionally convertible debentures during the year under review. Therefore, reporting under clause 3(x)(b) of the Order is not applicable to the Company for the year under audit.

(xi) Fraud:

- (a) There are no instances of fraud by the Company or on the Company noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.

- (c) As represented to us by the management, there are no whistle blower complaints received by the Company during the year.

(xii) Nidhi Company:

The Company is not a Nidhi Company and hence reporting under paragraph 3(xii) of the Order is not applicable to the Company for the year under audit.

(xiii) Related Parties:

The Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the Financial Statements as required by the applicable Accounting Standards.

(xiv) Internal Audit:

- a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- b) We have considered the internal audit reports issued to the Company during the year and covering the period up to December 2024 for the period under audit. We have considered the observations of the internal auditors of the Company in their reports, in determining the nature, timing and extent of our audit procedures, for the year under audit.

(xv) Non-Cash Transactions:

The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, reporting under clause 3(xv) of the Order is not applicable to the Company for the year under audit.

(xvi) 45-IA:

- a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable to the Company for the year under audit.
- b) In our opinion, there is no Core Investment Company (CIC) [as defined in Core Investment Companies (Reserve Bank) Directions, 2016] within the Group and accordingly reporting under clause (xvi)(d) of the Order is not applicable to the Company for the year under audit.

(xvii) Cash Loss:

The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.

(xviii) Resignation of Statutory Auditor:

There has been no resignation of the statutory auditors during the year and accordingly, reporting under clause 3(xviii) of the Order is not applicable to the Company for the year under audit.

(xix) Ability to pay Liabilities:

On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Management and Board of Directors plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) CSR unspent amount:

The Company has spent the requisite amount on eligible CSR activities and there is no unspent amount as at the end of the year, whether related to on-going projects or otherwise.

ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

Report on the Internal Financial Controls with reference to the aforesaid Financial Statements under clause (i) of sub section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to Financial Statements of **Sunshield Chemicals Limited** (“the Company”) as of March 31, 2025, in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management and Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to the Financial Statements of the Company based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls with reference to Financial Statements

A company’s internal financial control with reference to Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

Because of the inherent limitations of internal financial controls with reference to Financial Statements, including the possibility of collusion or improper management

override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Financial Statements to future periods are subject to the risk that the internal financial control with reference to Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to Financial Statements and such internal financial controls with reference to Financial Statements were operating

effectively as at March 31, 2025, based on the criteria for internal financial control with reference to Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

Notes forming part of the financial statements for the year ended 31 March 2025

1. COMPANY BACKGROUND

Sunshield Chemicals Limited ('the Company') is a Public Limited Company and was incorporated in India on 19 November 1986 under the Companies Act, 1956 and has its registered office 1501-A, Universal Majestic, P.L. Lokhande Marg, Opp. RBK International School, Chembur West Mumbai Maharashtra. The Company is engaged in manufacture and sale of Speciality Chemicals in the domestic and international markets.

The Financials Statements are approved by the Company's Board of Directors on May 05, 2025.

1A. BASIS OF PREPARATION:

(a) Statement of Compliance

The Financial Statements have been prepared in accordance with Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules, 2015 as amended and notified under section 133 of the Companies Act, 2013 (the 'Act').

The Financial Statements are presented in Indian Rupees and all values are rounded off to the nearest lakhs, except where otherwise indicated.

(b) Basis of preparation of Financial Statements

The Financial Statements have been prepared on the historical cost basis, except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below.

Historical cost is generally based on the fair value of the consideration at the date of the transaction, in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are not based on observable data i.e. based on unobservable inputs.

2. MATERIAL ACCOUNTING POLICY INFORMATION:

2.1 Revenue recognition

Revenue is recognized upon transfer of control of promised products or services to customers in an amount that reflects the consideration expected to be received in exchange for those products or services.

(a) Sale of products

Revenue from contract with customers is recognised when the Company satisfies performance obligation by transferring promised goods and services to the customer. The revenue is measured based on transaction

Notes forming part of the financial statements for the year ended 31 March 2025

price, which is the fair value of the consideration received or receivable and is net of discounts, allowances, returns, goods and services tax.

(b) Sale of Services

Revenue from services is recognised on rendering of services as per the terms and conditions agreed with the customers.

(c) Export Incentives

Income from export Incentives such as duty drawback, advance licenses, RoDTEP are recognized on an accrual basis.

2.2 Interest income

Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

2.3 Business Auxillary Services:

Business Auxillary services are recognised as and when the service is rendered.

2.4 Foreign currency transactions and translations

The functional currency of the Company is the Indian Rupee. The treatment of foreign currency transactions is as under:

a) Initial recognition

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transaction or using rates that closely approximate the rate at the date of the transaction.

b) Measurement at the balance sheet date

At the end of each reporting period, monetary items denominated in foreign currencies are restated at the rates prevailing at that date. Non-monetary items are measured at fair value based on exchange rate prevailing when the fair value is determined.

c) Treatment of exchange differences

Exchange differences in relation to monetary items arising at the time of settlement or translation are recognised in profit or loss in the period in which they arise.

2.5 Taxation

Income-tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with income tax laws) and deferred tax charge or credit (reflecting the tax effect of timing differences between accounting income and taxable income for the year).

Current Tax

The tax currently payable is based on taxable profit for the year. The Company's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax

Notes forming part of the financial statements for the year ended 31 March 2025

liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as a deferred tax asset if there is convincing evidence that the Company will pay normal income tax in future. Accordingly, MAT is recognised as an asset in the Balance Sheet when it is probable that future economic benefit associated with it will flow to the Company.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Current and Deferred Tax for the year

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the related current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

2.6 Property, Plant and Equipment

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use.

Machinery spares which can be used only in connection with an item of property, plant and equipment and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure on property, plant and equipment after its purchase / completion is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Freehold land is not depreciated. Depreciation on property, plant and equipment has been provided on the straight-line method (SLM) in accordance with the useful lives specified in Part – C of Schedule II of the Companies Act, 2013 on a pro-rata basis except in the case of certain items of Plant & Machinery over their useful lives ranging from 7 years to 18 years as estimated by the company.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Notes forming part of the financial statements for the year ended 31 March 2025

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss.

Capital work-in-progress:

Projects under which tangible property, plant and equipment are not yet ready for their intended use are carried at cost, comprising direct cost, expenditure during construction period directly related to the projects and attributable interest, if applicable as Capital work-in-progress.

2.7 Intangible Assets

Intangible assets which are acquired by the Company and have finite useful lives are measured at cost less accumulated amortisation and any accumulated impairment losses. Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives and is generally recognised in profit or loss.

2.8 Impairment of non-financial assets

Assets that are subject to depreciation or amortisation are tested at each balance sheet date for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's or the cash generating unit's (CGU) carrying amount exceeds its recoverable amount and is recognised in the Statement of Profit and Loss. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects the current market assessment of the time value of money and the risk specific to the asset for which the estimates of the future cash flows have not been adjusted.

When an impairment loss subsequently reverses, the carrying amount of the asset or the CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or CGU in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

2.9 Inventories

Inventories are measured at the lower of cost (arrived at on Moving average basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost of inventories comprises of all costs of purchase and other costs incurred in bringing the inventories to their present location and condition. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs necessary to make the sale.

2.10 Provisions, contingent liabilities, and contingent assets

Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that the Company will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its' carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Notes forming part of the financial statements for the year ended 31 March 2025

Contingent liabilities

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote, when there is:

- A possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or
- A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or reliable estimate of the amount cannot be made.

Contingent assets

A contingent asset is neither recognised nor disclosed in the financial statements.

2.11 Financial Instruments

a) Initial Recognition and Measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. At initial recognition, financial assets (other than trade receivables) and financial liabilities are measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL")) are added to or deducted from the value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at Fair Value through Profit or Loss are recognised in the Statement of Profit and Loss.

i) Financial assets

All financial assets are initially measured at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of financial assets. Trade receivables that do not contain a significant financing component are measured at transaction price.

After initial recognition all financial assets (other than derivative instruments) meeting the relevant criteria, are subsequently measured at amortised cost using the effective interest method. The Company has not designated any financial asset as FVTPL or Fair Value through Other Comprehensive Income ("FVTOCI").

Debt instruments that meet conditions based on purpose of holding assets and contractual terms of instrument are subsequently measured at amortised cost using effective interest method. All other financial assets are measured at fair value. Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as Fair Value Through Profit or Loss. Interest income is recognised in the statement of profit or loss and is included in the "Other income" line item.

Impairment of Financial Assets

The Company applies the expected credit loss model for recognising impairment loss on financial assets measured at amortised cost, trade receivables and other contractual rights to receive cash or another financial asset.

For trade receivables and any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115, the Company always measures the loss allowance at an amount equal to lifetime expected credit losses. Further, for the purpose of measuring lifetime expected credit loss allowance for trade receivables, the Company has used a practical

Notes forming part of the financial statements for the year ended 31 March 2025

expedient as permitted under Ind AS 109. The expected credit loss allowance has been made taking into the account historical credit loss experience and adjusted for forward looking information.

ii) Financial Liabilities and equity instruments

Classification of debt or equity

Debt or equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of financial liability and equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial Liabilities

All financial liabilities (other than derivative financial instruments) are measured at amortised cost using effective interest method at the end of the reporting period.

b) Derecognition of Financial Assets and Liabilities

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire or when the Company transfers the contractual rights to receive the cash flows of the financial asset in which substantially all the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset and does not retain control of the financial asset. The Company derecognises a financial liability (or a part of financial liability) when the contractual obligation is discharged, cancelled or expires.

Derivative Financial Instruments

Whenever Company holds derivative financial instruments such as foreign exchange forward contracts and principal swap to manage its exposure to foreign currency exchange rate risks. Derivatives are initially recognised at fair value at the date the contracts are entered into. Subsequent to initial recognition, these contracts are remeasured at fair value at the end of each reporting period and changes are recognised in the Statement of Profit and Loss.

Fair value measurement

‘Fair value’ is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk. The Company’s accounting policies and disclosures, in a few cases, require the measurement of fair values, for both financial and non-financial assets and liabilities. Wherever available, the Company measures the fair value of an instrument using the quoted price in an active market for that instrument. A market is regarded as active if transactions for the asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis. If there is no quoted price in an active market, then the Company uses valuation techniques that maximise the use of relevant observable inputs and minimise the use of unobservable inputs. The chosen valuation technique incorporates all of the factors that market participants would take into account in pricing a transaction.

2.12 Cash flow statement

The Cash Flow Statement is prepared by the indirect method set out in Ind AS 7 on Cash Flow Statements and presents the cash flows by operating, investing and financing activities of the Company.

Notes forming part of the financial statements for the year ended 31 March 2025

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.13 Segment reporting

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance. The Company identifies secondary segment on the basis of geographical location of the customers.

2.14 Employee benefits

Compensation to employees for services rendered is measured and accounted for in accordance with Ind AS 19 on Employee Benefits.

Employee Benefits such as salaries, allowances, non-monetary benefits and employee benefits under defined contribution plans such as provident and other funds, which fall due for payment within a period of twelve months after rendering service, are charged as expense to profit or loss in the period in which the service is rendered.

Employee Benefits under defined benefit plans such as gratuity which fall due for payment after completion of employment are measured by the projected unit credit method, on the basis of actuarial valuations carried out by third party actuaries at each balance sheet date. The Company's obligation recognised in the balance sheet represents the present value of obligations as reduced by the fair value of plan assets.

Defined benefit costs are categorized as follows:

- Service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements);
- Net interest expense or income; and
- Remeasurement

The Company presents the first two components of defined benefit costs in the Statement of Profit and Loss in the line item 'Employee benefits expense'.

Actuarial Gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest) are recognised immediately in other comprehensive income. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or loss. Past service cost is recognised in profit or loss in the period of a plan amendment. Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

The retirement benefit obligation recognised in the balance sheet represents the deficit or surplus in the Company's defined benefit plans.

2.15 Borrowing costs

Borrowing costs directly attributable to the acquisition or construction of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

Notes forming part of the financial statements for the year ended 31 March 2025

2.16 Earnings per share

The Company reports basic and diluted Earnings Per Share (EPS) in accordance with Ind AS 33 on Earnings Per Share. Basic EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the results are anti-dilutive.

3 RECENT INDIAN ACCOUNTING STANDARDS (IND AS)

During the year the Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS -117 Insurance Contracts and amendments to Ind AS 116- Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f April 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined it does not have any significant impact in its Financial statements.

4 CRITICAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In application of the Company's accounting policies, which are described in note 2, the directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on various factors including historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

4.1 Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

a) Useful lives of property, plant and equipment

The Company reviews the estimated useful lives of property, plant and equipment at the end of each reporting period. During financial years ended March 31, 2024 and 2023, there were no changes in useful lives of property, plant and equipment. The Company at the end of each reporting period, based on external and internal sources of information, assesses indicators and mitigating factors of whether the plant (cash generating unit) may have suffered an impairment loss. If it is determined that an impairment loss has been suffered, it is recognised in the Statement of Profit and Loss.

b) Impairment of trade receivables

The Company estimates the probability of collection of accounts receivable by analysing historical payment patterns, customer status, customer creditworthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

c) Contingencies

In the normal course of business, contingent liabilities may arise from litigations and other claims against the company. There are certain obligations which management has concluded, which based on all available facts and circumstances, are not probable of payment or difficult to quantify reliably and such obligations are treated as contingent liabilities and disclosed in the notes but are not provided for in the financial statements.

Note 36

Details of Employee Benefits as required by the Indian Accounting Standard (Ind AS) 19 "Employee Benefits" are as follows:

1 Defined contribution plan:

The Company makes Provident Fund contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. During the current year, the Company recognised ₹ 91.16 Lakhs (year ended March 31, 2024 ₹ 74.11 lakhs) for Provident Fund contributions in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

2 Defined Benefit Plan (funded)

(a) A general description of the Employees Benefit Plan:

The Company has an obligation towards gratuity, a funded defined benefit retirement plan covering eligible employees.

The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of the employment. Gratuity is calculated in accordance with the provisions of the Payment of Gratuity Act, 1972. Vesting occurs upon the completion of five years of service or on death.

(b) The Plan exposes the Company to the following risks:

Investment risk	The return on investments will impact the position of the defined benefit plan liability. If the return falls, net defined benefit obligation will increase the value of the liability.
Interest risk	The defined benefit obligation calculated uses a discount rate based on government bonds. All other aspects remaining same, if bond yields fall, the defined benefit obligation will increase the value of the liability.
Longevity risk	The company has used certain mortality and attrition assumptions in the valuation of the liability. The company is exposed to the risk of actual experience turning out to be worse compared to the assumptions considered.
Salary risk	The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

11 Sensitivity analysis

Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below.

	For the year ended March 31, 2025		For the year ended March 31, 2024	
	Amount	%	Amount	%
(i) Discount rate (25 basis points)				
Increase	(6.47)	(2.59%)	(3.95)	(1.87%)
Decrease	6.73	2.69%	4.08	1.93%
(ii) Future salary escalation rate (25 basis points)				
Increase	6.26	2.50%	3.71	1.75%
Decrease	(6.05)	(2.42%)	(3.67)	(1.74%)

The Sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in the assumptions would occur in isolation of one another as some of the assumptions may be correlated.

12 Defined benefit obligation - Average duration

The weighted average duration of the defined benefit obligation is 10.55 years (March 31, 2024: 7.60 years). The expected maturity analysis of undiscounted gratuity benefits is as follows:

(C) Fair value measurements

This note provides information about how the Company determines fair values of various financial assets and financial liabilities.

Fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 inputs are unobservable inputs for the asset or liability.

Fair value of financial assets and financial liabilities that are not measured at fair value (but fair value disclosures are required)

The Company is of the belief that the carrying amounts of financial assets and financial liabilities recognised in the financial statements approximate their fair values.

(D) Financial risk management objectives

The Company's principal financial liabilities comprise borrowings, trade payables and other financial liabilities. The main purpose of these financial liabilities is to support its operations. The Company's principal financial assets include trade and other receivables and cash that are derived directly from its operations.

The Company has exposure to the following risks arising from financial instruments:

- Credit risk ;
- Liquidity risk ; and
- Market risk

i. Risk management framework

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

ii. Credit risk management

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with bank and other financial instruments.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimate of incurred losses in respect of trade and other receivables.

Notes forming part of the financial statements for the year ended 31 March 2025

Historical trends of impairment of trade receivables do not reflect any significant credit losses. The Company has further considered internal and external sources of information, specifically having regard to the current macro economic conditions and the global health pandemic to assess the impact on credit losses. Basis the information available as at the date of approval of these financial statements, the Company expects the historical trend of minimal credit losses to continue.

Summary of the Company's exposure to credit risk by age of the outstanding from various customers is as follows:

	₹ in Lakhs	
	As at March 31, 2025	As at March 31, 2024
Neither past due nor impaired	5,807.12	4,423.66
Past due but not impaired		
Past due 1–90 days	521.33	364.55
Past due 91–180 days	85.15	0.53
Past due more than 180 days	4.74	3.08
	6,418.34	4,791.82

Expected credit loss assessment for customers as at March 31, 2025 and March 31, 2024

Exposures to customers outstanding at the end of each reporting period are reviewed by the Company to determine incurred and expected credit losses. Historical trends of impairment of trade receivables do not reflect any significant credit losses. Further, management believes that the unimpaired amounts that are past due by more than 30 days are still collectible in full, based on historical payment behaviour and extensive analysis of customer credit risk.

The movement in the allowance for impairment in respect of trade receivables during the year was as follows:

Balance as at April 01, 2023	4.78
Impairment loss recognised	-
Amounts written back	(1.64)
Balance as at March 31, 2024	3.14
Impairment loss recognised	6.47
Amounts written back	-
Balance as at March 31, 2025	9.61

Cash and cash equivalents

The Company held cash and cash equivalents excluding bank overdraft with credit worthy banks of ₹ 280.35 lakhs (March 31, 2024 ₹ nil)

Other than trade and other receivables, the Company has no other financial assets that are past due.

(E) Liquidity risk management

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the Company's reputation.

The Company has access to funds from group companies in the form of long/short term borrowings. The Company also has working capital facilities from banks.

Exposure to liquidity risk

The table below analyses the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- amount unused	3,462.21	1,452.67
	10,000.00	6,500.00

(F) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities.

Currency risk

The fluctuation in foreign currency exchange rates may have potential impact on the profit and loss account and equity, where any transaction references more than one currency or where assets / liabilities are denominated in a currency other than the functional currency of the entity.

Considering the countries and economic environment in which the Company operates, its operations are subject to risks arising from fluctuations in exchange rates in those countries. The risks primarily relate to fluctuations in US Dollar (USD) and Euro (EUR), against the functional currencies of the Company.

Exposure to currency risk

The summary quantitative data about the Company's exposure to currency risk as reported to the management of the Company is as follows:

Particulars	March 31, 2025		March 31, 2024	
	FC	INR	FC	INR

Sensitivity analysis

A 10% strengthening / weakening of the respective foreign currencies with respect to functional currency of Company would result in increase or decrease in profit or loss and equity as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

Notes forming part of the financial statements for the year ended 31 March 2025

Effect	Profit or loss		Equity	
	Strengthening	Weakening	Strengthening	Weakening
March 31, 2025
